Participating Subdivision	Prog. #	Organization	Remediation Program Name	Total Spent	Total Committed	Sched.	Schedule Categories	Att. #	Program Notes	Wkg. Grp.	Determination of Board of Trustees
Allegheny County										3	
Allegheny County	25	Allegheny County Health Department	Mon Valley Recovery & Peer Support Network	\$ 456.94	\$ 125,543.06	B	• B-C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	Peer support specialists provide peer-to-peer support to individuals or groups who are new or reengaging in recovery. Peer support staff will also provide street outreach across the Mon Valley to educate and offer resources to community members, including harm reduction services and supplies.	3	Approved
Allegheny County	26	Allegheny County Health Department	SEEKS SES Opioid Prevention Program	\$ -	\$ 496,579.00	B	• B-G. Prevent Misuse of Opioids	0	Supporting Expansion and Enhancement of K-12 School-Based Social, Emotional Supports (SEEKS SES) helps school districts in addressing social and emotional health. Allegheny County Health Department (ACHD) has contracted with Allegheny Intermediate Unit to engage five school districts in Allegheny County to implement an Opioid Prevention Program through SEEKS SES that includes: delivering evidence-based opioid prevention curricula tailored for students, educators and families, specialized training for school staff, counselors and community partners, and developing school-based support systems including peer mentorship. ACHD will identify the high-needs school districts using the ACHD's Opioid Heat Map, key demographics and social indicators.	3	Approved
Allegheny County	27	Allegheny County Health Department	Community-based MOUD Program	\$ 5,172.81	\$ 509,827.19	B	• B-G. Prevent Misuse of Opioids	0	The Allegheny County Health Department is opening a Medication for Opioid Use Disorder clinic in McKeesport to provide treatment for OUD. The program focuses on decreasing disparities in overdose deaths for Black residents in the Mon Valley.	3	Approved
Armstrong County										1	
Armstrong County	8	ARC Manor	School-Based SUD Outpatient Counselor	\$ -	\$ 150,730.00	B	• B-A. Treat Opioid Use Disorder (OUD) • B-C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	A school-based SUD outpatient counselor will be available throughout the day in the school setting in each of the Armstrong County school districts to ensure regular and consistent availability, support, and assistance to the youth. The counselor will be able to provide assessments and therapy within the school. The counselor will complete SUD intakes. outpatient SUD therapy, and referral to the school districts and families in Armstrong County.	1	Approved
Armstrong County	9	Armstrong-Indiana-Clarion Drug and Alcohol Commission	Media Campaign	\$ -	\$ 36,000.00	B	• B-G. Prevent Misuse of Opioids	0	The Armstrong-Indiana-Clarion Drug and Alcohol Commission (AICDAC) will develop a media campaign to educate Armstrong County residents on how to access treatment for Opiate Use Disorder (OUD); provide information on drug disposal programs; and provide the public with vital information about OUD prevention, helping to raise awareness and connect individuals and families with the support they need.	1	Approved
Armstrong County	10	ARC Manor	Forensic Treatment Specialist	\$ 8,698.64	\$ 138,966.36	A & B	• A-F. Treatment for Incarcerated Population • B-D. Address the Needs of Criminal Justice-Involved Persons	0	The Forensic Treatment Specialist will provide tailored Outpatient therapy and support to individuals involved in the criminal justice system in Armstrong County. The therapist will be responsible for 1) conducting comprehensive assessments to identify substance abuse issues and treatment needs; 2) developing individualized treatment plans focused on recovery goals and addressing criminogenic risk factors; 3) providing evidence-based therapy, motivational interviewing, and relapse prevention strategies; 4) collaborating with multidisciplinary teams, including probation officers, social workers, and healthcare professionals to coordinate care and support holistic treatment approaches; 5) monitoring progress through regular evaluations and adjustments to treatment plans as necessary; and 6) offering crisis intervention coordination and support services to address immediate needs and prevent relapse.	1	Approved
Armstrong County	11	ARC Manor	Recovery Housing	\$ 33,393.00	\$ -	A & B	• A-E. Expansion of Warm Hand-off Programs and Recovery Services • B-B. Support People in Treatment and Recovery	0	The target population for this Recovery Housing Plan are individuals who are struggling with a substance use disorder and are in need of a community-based safe and sober living environment. The Recovery House is a safe, supportive, and structured substance free living environment for individuals in early recovery from substance use disorders. The house will employ a live-in house manager, enforce clearly defined house rules, and be closely monitored to ensure a stable and accountable environment. This program aims to provide a critical foundation for individuals to rebuild their lives, reconnect with community supports, and sustain long-term recovery.	1	Approved
Armstrong County	12	Armstrong-Indiana-Clarion Drug and Alcohol Commission	Expansion of School Prevention Services	\$ -	\$ 70,000.00	B	• B-G. Prevent Misuse of Opioids	0	AICDAC will expand SUD evidence-based prevention services by hiring an additional Prevention staff to increase services offered in all school buildings in Armstrong County. Prevention services are designed to educate and support students in making safe, healthy choices about alcohol, tobacco, and other drugs. Through classroom lessons, peer discussions, and interactive activities students will learn the risks of substance use, how to handle peer pressure, healthy coping and decision-making skills, and tools for managing emotions and stress.	1	Approved
Armstrong County	13	The Open Door	Critical Incident Stress Management Team	\$ -	\$ 3,302.00	A & B	• A-G. Prevention Programs • B-I. First Responders	0	The Armstrong County Critical Incident Stress (CIS) Management Team will provide training in the Critical Incident Stress Debriefing for 7 new volunteers, continuing education trainings for 3 volunteers, debriefing tools, and outreach materials. The CIS Debriefing intervention 1) encourages participants to share their experiences and understand common stress reactions; 2) provides group support and connects individuals with additional counseling and treatment services; and 3) mitigates the psychological impacts of vicarious trauma, chronic stress, anxiety, and PTSD - factors that increase the risk of opioid misuse among emergency responders.	1	Approved
Armstrong County	14	Armstrong-Indiana-Clarion Drug and Alcohol Commission	Jail-based Medication Assisted Treatment	\$ -	\$ 70,000.00	A & B	• A-F. Treatment for Incarcerated Population • B-D. Address the Needs of Criminal Justice-Involved Persons	0	The Armstrong County Jail operates a Medication Assisted Treatment Program to help individuals with opioid use disorders safely manage withdrawal, begin recovery, and reduce the risk of overdose upon release. This program combines FDA-approved medications with behavioral counseling and support delivered in a secure, structured setting. The core components of the program include screening and assessment, medication treatment, counseling and behavioral support, and continuity of care.	1	Approved
Bedford County										1	

Bedford County	3	Bedford County Probation	Establish a problem solving court	\$ -	\$ 33,103.91	B	• B-D. Address the Needs of Criminal Justice-Involved Persons	0	In 2024, Bedford County established a problem solving court that addresses treatment, overdose intervention and mental health. The court is effective in linking offenders with opioid use disorders to a full continuum of treatment, case management, and recovery support services. The total cost to the County's General Fund in 2024 was approximately \$34,000. It's anticipated that for a full year of operations that the problem solving court will cost the County \$100,000. The County's 2025 operating deficit is about \$2 million and the future of the program is uncertain. The estimated costs eligible from settlement funds is based on the percentage of participants that have a known past or present opioid disorder. The County would seek reimbursement for drug testing (80%), prevention programming (60%) and case management (90%). Based on these percentages, reimbursement for actual expenses would amount to \$26,492. The County has committed another \$7,800 for these programs in 2025.	2	Partially Approved - Treatment Court Coordinator (\$6,675.15) Partially Non-Compliant - Treatment Court Officer (\$18,374.43) Still Under Consideration - Drug Test Kits (\$8,054.33)
Bedford County	4	Personal Solutions Inc.	Funding Treatment for Uninsured Individuals	\$ -	\$ 50,000.00	A & B	• A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • B-A. Treat Opioid Use Disorder (OUD)	0	The Bedford County Commissioner have allocated opioid Settlement funds to our SCA to cover the cost of OUD treatment fore residents who are uninsured or underinsured to cover the cost of services. These funds may be used for any licensed OUD treatment services to include inpatient rehabilitation, halfway house, outpatient care, or other necessary services.	1	Approved
Bedford County	5	Personal Solutions Inc.	Be a Loving Mirror (BALM) Family Program	\$ -	\$ 12,000.00	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners and committed funds to support our SCA in offering comprehensive education to help families understand the nature of addiction and recover. This education programs empowers families to better support their loved ones that have an OUD during the recovery process.	1	Approved
Bedford County	6	Personal Solutions Inc.	Case Management and Recovery Support	\$ -	\$ 30,000.00	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners have committed funds to support our SCA to employ and Case Manager who will prove an assessment and referral to treatment, then provide Intensive Case Management to individuals suffering from OUD. Intensive Case Management includes helping individuals with non-treatment needs such as mental health, physical health, housing, employment, and connection to recovery support services. The Case manager would work with individuals from referral through the completion of treatment.	1	Approved
Bedford County	7	Personal Solutions Inc.	Recovery Support Activities	\$ -	\$ 2,500.00	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners have committed funds to the county's SCA and Bedford Area Recovery Network to hold monthly recovery activities for the recovery community. These activities will prove a sober social and recreational environment to assist individuals by reducing isolation and promoting the development of healthy new sober habits.	1	Approved
Bedford County	8	Horizon Behavioral Health, PLLC	Certified Recovery Specialist	\$ -	\$ 45,000.00	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners have committed funds to assist a local provider to hire a Certified Recovery Specialist that will provide county-wide support to provide mentorship, resource connection and advocacy to individuals in recovery or beginning recovery. The CRS will work directly with multiple county agencies to achieve referrals including our SCA, the Emergency room, county meetings, the county jail, state police, etc. This will be for 1.0 FTE position within the county.	1	Approved
Bedford County	9	Bedford County Commissioners	Harm Reduction Kits	\$ -	\$ 5,000.00	B	• B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	Bedford County Commissioners will make up Harm Reduction Kits that contain resource information such as treatment availability, naloxone, xylazine test strips, and other harm reduction items to leave across the county at key places that our current SCA kits to not target such as doctor and dental offices, food banks, libraries, senior centers, blue-collar work places, farm bureau, and other groups that target our farming communities.	1	Approved
Bedford County	10	Bedford County Commissioners	Building Futures Scholarship Program	\$ -	\$ 100,000.00	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners will provide educational support to individuals in recovery from opioid use disorder (OUD) and co-occurring substance use or mental health conditions, as well as to children of those impacted by OUD. Scholarships will cover tuition, training, and essential educational costs to reduce barriers. This funding will provide recovery support services that promote long-term stability, prevent relapse, and address intergenerational harm. By enabling access to education, the program strengthens recovery, fosters resilience for children, and enhances community health and workforce participation, creating measurable outcomes that remediate the opioid crisis.	1	Still Under Consideration
Bedford County	11	Bedford County Commissioners	New Horizons Workforce Program	\$ -	\$ 38,103.91	B	• B-B. Support People in Treatment and Recovery	0	Bedford County Commissioners will deliver job skills training and career readiness supports to individuals impacted by opioid use disorder (OUD) who are incarcerated, reentering the community, or otherwise involved in the county criminal justice system, as well as families engaged with Children and Youth Services. By combining evidence-based workforce development with recovery support, the program equips participants with marketable skills, certifications, and employment pathways that reduce recidivism, strengthen family stability, and promote sustained recovery. Through partnerships with local employers, training providers, and recovery services, Bedford County will create a pathway to independence and resilience for individuals and families most impacted by the opioid crisis.	1	Approved
Bedford County	12	Bedford County Commissioners	Bedford County First Responders Training	\$ -	\$ 55,000.00	A & B	• A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) • B-I. First Responders	0	Bedford County is committing funding to provide training to our county's first responders to assist with better treatment outcomes for individuals struggling with OUDs and related mental health concerns. Specialized treatment for our first responders is essential to enhancing the OUD population wellness, first responder awareness, and reduction of vicarious trauma and burnout symptoms experienced as a result of OUD-related services. A series of specialized training, as well as stipends for staff to attend these training during off-duty hours. The training consist of Medication-Assisted Treatment (MAT/MOUD) First Responder, PA-DOH: First Responder Addiction and Connection to Treatment (FR-ACT), Public Safety Partner Training, and Peer Champion Training & Network.	1	Approved
Bedford County	13	Bedford County Commissioners	Recovery Treatment Scholarship Program	\$ -	\$ 96,000.00	A & B	• A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • B-A. Treat Opioid Use Disorder (OUD)	0	Recovery Treatment Scholarship Program will provide financial assistance for uninsured or underinsured individuals with opioid use disorder (OUD) and co-occurring substance use or mental health conditions to access long-term residential treatment facilities. By covering treatment costs that would otherwise prevent admission, the program removes a critical barrier to care and ensures that high-need residents receive evidence-based services proven to support lasting recovery. By directly funding treatment and recovery services, addresses gaps in insurance coverage, and reduces the cycle of relapse, crisis, and system involvement. Bedford County investing in treatment scholarships will expand access to care, improve individual outcomes, strengthen families, and promote healthier, more resilient communities.	1	Approved
Bedford County	14	Personal Solutions Inc.	Students Against Destructive Decisions County Conference	\$ -	\$ 4,000.00	A & B	• A-G. Prevention Programs • B-G. Prevent Misuse of Opioids	0	The SCA will host a county-wide Students Against Destructive Decisions (SADD) conference. SADDgroups promote making good decisions, including discouraging the use and misuse of drugs and alcohol. The conference is an event where students get together and participate in various activities and listen to guest speakers. Some activities include contributing time to promoting recovery in our schools, jail, and treatment providers.	1	Approved

Bedford County	15	Personal Solutions Inc.	Public Education and Training on Addiction	\$ -	\$ 5,000.00	B	• B-G. Prevent Misuse of Opioids	0	Bedford County's SCA will provide training to the public, businesses, and other agencies on addiction, stigma, and safe drug disposal.	1	Approved
Berks County										1	
Berks County	32	Council on Chemical Abuse-Berks SCA	Recovery Housing	\$ 52,910.00	\$ -	B	• B-B. Support People in Treatment and Recovery	0	A DDAP licensed recovery house providing a safe living environment and comprehensive recovery support services to those in recovery form an opioid or other substance use disorders. This adult community based facility which will also accept referrals from the criminal justice/court system and readily accept individuals involved with MAT. The amount of Opioid Settlement funds used to support this project is a proration based on the number of individuals with an Opioid Use Disorder.	1	Approved
Berks County	33	Berks SOS	Community Opioid Coalition	\$ 5,000.00	\$ -	B	• B-G. Prevent Misuse of Opioids • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) • B-J. Leadership, Planning and Coordination	0	SOS Berks is a coalition of public and private stakeholders as well as general community members, established in 2017, dedicated to addressing opioid use disorders and reducing overdose deaths in Berks County. The purpose of the coalition is to educate the community, raise awareness, and provide information regarding the many resources available for prevention, treatment and recovery in the community. SOS Berks is co-chaired by a current County Commissioner and the local SCA director. Opioid Settlement funding is used to develop multi-media campaigns for the community regarding OUD and to organize community events providing opioid prevention awareness, resource education and stigma reduction. Other events include harm reduction activities such as medication safety, naloxone distribution and education as well as drug take back events.	1	Approved
Berks County	34	Council on Chemical Abuse-Berks SCA	Outpatient Treatment Services	\$ 14,180.98	\$ -	B	• B-A. Treat Opioid Use Disorder (OUD)	0	A community based DDAP licensed evidence-based treatment service consistent with ASAM outpatient/intensive outpatient level of care provided to individuals with opioid and other substance use disorders. This non-MAT services is funded fee-for-service to various treatment providers contracted with the Berks SCA. Opioid Settlement funds are strictly used for those with an Opioid Use Disorder and any co-occurring Substance Use or Mental Health (SUD/MH) condition.	1	Approved
Berks County	35	Berks Counseling Center	Treatment/Counseling Services at Berks County Jail	\$ 145,000.00	\$ -	B	• B-A. Treat Opioid Use Disorder (OUD) • B-D. Address the Needs of Criminal Justice-Involved Persons	0	A DDAP licensed evidence-based treatment service consistent with ASAM outpatient/intensive outpatient level of care provided to individuals incarcerated at Berks County Jail with opioid and other substance use disorders. Individuals receiving this service may or may not be involved with MAT. The amount of Opioid Settlement funds used to support this project is a proration based on the number of individuals with an Opioid Use Disorder.	1	Approved
Blair County										1	
Blair County	7	Blair County Department of Social Services	Requests for Proposals Administrative Expenses	\$ 229.02	\$ -	B	• B-J. Leadership, Planning and Coordination	0	This expenditure was for advertisement of a request for proposals in the Altoona Mirror Newspaper, the newspaper with the largest distribution. This advertisement was meant to ensure all interested parties were notified of the opportunity to apply for opioid settlement funding. The population served is all interested parties in Blair County Project goals include to notify all interested parties of the opportunity to submit a proposal for Opioid Settlement Funding. This advertisement garnered 15 proposals submitted. There are no notable partnerships.	1	Approved
Blair County	8	ZSchool, LLC	Harrisburg University Blair County Police and First Responder Opioid Readiness and Awareness Training	\$ -	\$ 92,300.00	A	• A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • A-G. Prevention Programs	1	The Operational Readiness for Law Enforcement and First Responders Training Initiative consists of a four-hour, online, self-paced course that covers key topics for managing opioid overdoses. Population served: Police officers, firefighters, First responders, and individuals at risk of opioid overdose in Blair County. Program Effectiveness Measurement: Measure program effectiveness by tracking reductions in opioid-related use-of-force incidents, treatment referrals through law enforcement diversion increases, and overall improvements in first responder preparedness. Report these findings quarterly and annually to demonstrate the long-term impact of the training initiative.	1	Approved
Blair County	9	Blair County Drug & Alcohol Program, Inc	Blair County SCA/OUD Treatment	\$ -	\$ 42,108.00	B	• B-A. Treat Opioid Use Disorder (OUD)	1	BDAP will utilize the funding to support the continuum of licensed drug and alcohol treatment of individuals who are uninsured and seeking drug and alcohol treatment. This funding will also support level of care assessments and navigate individuals into treatment to include medicated assisted treatment resources. This proposal will support the coordination of the license drug and alcohol in community-based treatment services. Population to be served: Individuals with history of OUD and SUD and/or MH conditions within the prison setting and continued treatment services and recovery supports within the community upon release and re-entry and the general community seeking drug and alcohol treatment. Deliverables: BDAP will provide the level of care assessments (LOCA) and coordination of care Funding under this grant will support the treatment cost of uninsured individuals and if applicable until their medical assistance application is approved if eligible.	1	Approved
Blair County	10	Blair County Drug & Alcohol Program, Inc	Blair County In Prison Cognitive Behavioral Therapy (CBT) Group	\$ -	\$ 8,934.00	B	• B-D. Address the Needs of Criminal Justice-Involved Persons	1	BDAP has a partnership with the prison to provide resources for substance use disorder. We have added through a PCCD grant a Cognitive Behavioral Therapy group to support un-sentenced individuals who are receiving medicated assisted treatment while in prison. Population served: Unsentenced and sentenced male individuals identified by the prison with an opioid use disorder (OUD) who are receiving medicated assisted treatment while in the prison. Benefits: The CBT curriculum provides a structure formate to assist in engaging individuals and providing information that addresses the core principles of the program and provides opportunity for individuals to begin change behaviors.	1	Approved
Blair County	11	Blair County Drug & Alcohol Program, Inc	Prison Re-Entry Women's Services	\$ -	\$ 95,541.00	B	• B-D. Address the Needs of Criminal Justice-Involved Persons	1	BDAP has a partnership with the prison to provide resources for substance use disorder. We have added through a PCCD grant the last 28 months a women's re-entry group and case management services to support women who are returning to the community. As part of the grant, we expanded the assessment of the social determinant of health screen to identify re-entry needs of women at the time of their release. This grant expires June 30, 2025. Population Served: Any women in Blair County Prison can attend this program. This includes un-sentenced/sentenced and women awaiting transfer to state prison.	1	Approved
Blair County	12	UPMC Western Behavioral Health of the Alleghenies	WBHA Contingency Management Program	\$ -	\$ 40,000.00	B	• B-A. Treat Opioid Use Disorder (OUD)	1	Individuals eligible for the Contingency Management program will be informed upon entry to facility services, with enrollment in the program being voluntary. Patients can begin participation at any time in treatment, in any location, but will only be eligible for one continuous 12-wekk cycle in the program over the course of one year. There will be 5 desired behaviors which include: 1) Attending group sessions; 2) Attending individual sessions; 3) Providing a sample for UDS; 4) UDS sample reading negative; 5) Attending MOUD appointments. The program will track the length of participation in treatment programs on an individual basis, and completion metrics across the population.	1	Approved
Bucks County										3	

Bucks County	50	Bucks County Drug and Alcohol Commission, Inc.	Community Based Mini-Grant - Powered by Transformation	\$ 2,372.44	\$ 22,627.56	B	• B-B. Support People in Treatment and Recovery	1	Powered by Transformation is a nonprofit organization dedicated to offering holistic recovery support to individuals battling substance use disorders by incorporating strength training into treatment plans for those in recovery to empower and inspire these individuals to remain substance-free upon discharge from treatment. Through the Focused in Transformative (FIT) Recovery, trainers will work alongside clinicians to incorporate weightlifting and healthy lifestyle education into recovery plans. FIT Trainers act as role models for patients and hold the CRS certification. Additional information included in the attached project narrative.	3	Approved
Bucks County	51	County of Bucks Human Services	Lower Bucks InspireME Program	\$ 105,790.88	\$ 294,209.12	A	• A-G. Prevention Programs	1	The Ivins Outreach Center InspireME program aims to create and maintain safe, fun out-of-school time environments for students at high risk for substance abuse and/or experience substance abuse in their home lives. The program is designed not only to reinforce academic fundamentals and provide enrichment activities, but also to strategically reduce substance use among youth by engaging students in structured, positive activities during out-of-school time. We aim to decrease idle time that can often lead to experimentation with substances. This program offers a balanced mix of academic review, physical activity, and performing arts which creates a holistic environment promoting healthy lifestyles and informed decision-making. Another focus is on stress and anxiety reduction.	3	Still Under Consideration
Bucks County	52	Bucks County Human Services	988 Call Center	\$ 3,330.67	\$ 206,669.33	B	• B-C. Connect People Who Need Help to the Help They Need (Connections to Care)	0	Provide individuals calling into the 988 call center with support and referrals to services based on their needs. 988 is a 24/7/365 call center that is available to all county residents and is a national number, local numbers will be routed to Lenape Valley's call center to address their needs. 988 is a 24/7 call center that is available to all county residents and is a national number, local numbers will be routed to Lenape Valley's call center to address their needs. The call center will be many people's first contact with the world of recovery, and may be an opportunity to help people start their journey on a brighter path. Funding will cover salary and fringes for call taker and coordinator, IT expenses, and office furniture.	3	Still Under Consideration
Bucks County	53	County of Bucks	Grief Support Group	\$ 8,277.59	\$ 16,722.41	B	• B-E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction)	0	Vilomah's Peer Grief Support Program is a support hotline designed to provide emotional and social support to individuals who have experienced a traumatic loss. The hotline offers a safe space for sharing and healing, playing a crucial role in reducing substance use, preventing overdoses, and deterring future substance abuse among both youth and adults. The program provides practical advice and coping strategies for managing grief. This exchange of lived experiences equips individuals with the tools needed to avoid harmful coping mechanisms, such as substance use. One of the most critical aspects of the program is its role in preventing grieving individuals from turning to substances as a way to cope with their pain. Since the call takers are volunteers with lived experience, funding covers operation expenses related to the hotline and cost of care packages sent to newly bereaved.	3	Still Under Consideration
Bucks County	54	County of Bucks	Safe Families for Children	\$ 59,067.91	\$ 139,074.09	B	• B-B. Support People in Treatment and Recovery • B-C. Connect People Who Need Help to the Help They Need (Connections to Care) • B-E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome	1	Families served by Bethany Christian Service's Safe Families for Children are most often referred due to a combination of homelessness, mental health (MH) concerns, and Substance Use Disorder (SUD), including Opioid Use Disorder (OUD) (e.g., parents who have recurrence of use and need treatment; parents in recovery; parents on maintenance drugs; grandparents raising grandkids due to parental substance abuse). This program receives braided funding and supports C&Y involved families impacted by OUD/SUD are covered by OSF while other families are covered by an alternative funding source.	3	Approved
Resolution No. 1											
Carbon County										1	
Carbon County	14	Carbon County Coroner's Office	Coroner Rabdbox Machine Supplies	\$ 17,910.00	\$ -	A	• A-I. Evidence-based Data Collection and Research Analyzing the Effectiveness of the Abatement Strategies within the State	0	The County's collaboration with the Lehigh County Coroner's Office and Forensic Center has highlighted the significant benefits of utilizing the Randox machine for death cases suspected to involve opioid overdoses. By integrating this technology, the Coroner's Office can provide preliminary and sometimes final drug death information, reducing a wait time from the usual 6-8 weeks. This will allow the sharing of vital information with local, county and state officials, in order to bolster the collective efforts in opioid overdose prevention and prevention of opioid use. A precious remediation approved program purchased the actual equipment and this program is being used to buy the supplies to operate the equipment.	1	Approved
Centre County										3	
Centre County	19	Centre County Drug and Alcohol	Case Management Services	\$ 95,717.71	\$ 50,000.00	B	• B-B. Support People in Treatment and Recovery	0	Case managers offer assessment and referral for individuals seeking support, connecting them to community services that can assist them with social determinants of health, which service as a barrier to their pathway to recovery. Referrals are also made to treatment providers and recovery support services. Their goal is to help the individuals connect to whatever resources will assist them in meeting their unique needs and lead them forward. This is an ongoing process and evolves over time as the individual makes progress (or not), and identifies their future plans and makes decisions for their future.	3	Approved
Chester County										2	
Chester County	43	Chester County SCA	Faith Based Outreach Program	\$ 2,062.00	\$ -	B	• B-B. Support People in Treatment and Recovery • B-C. Connect People Who Need Help to the Help They Need (Connections to Care) • B-G. Prevent Misuse of Opioids	1	The Chester County Faith Based Community Outreach Program seeks to engage and educate the over 300 faith-based entities in Chester County as well as their congregations. This is accomplished through our partial sponsorship of and participation in quarterly conferences held throughout the county. At these events, congregants and their faith leaders gather to learn about the OUD and SUD/MH Prevention, Treatment, and Recovery Supports available to them and to receive resources, such as Narcan, Nalox-Boxes, and Medication Safety Devices.	2	Approved

Chester County	44	Chester County SCA	Expanding Testing & Treatment for OUD Related Infectious Diseases	\$ 3,026.01	\$ -	B	<ul style="list-style-type: none"> • B-B. Support People in Treatment and Recovery • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	1	A more thorough rationale is provided in the supporting documents. Studies indicate that a large proportion of individuals with OUD and SUD who are in treatment are not being screened for infectious diseases, despite the heightened risk associated with substance use. For instance, one study noted that screening for all five co-infections (HIV, HCV, syphilis, gonorrhea, and chlamydia) was completed in only 14% of patients with screening indications. There are persistent challenges/barriers to screening implementation, including funding limitation, administrative burdens, lack of staff training and resources, etc. This remediation strategy aims to improve infectious disease screening and testing for these at-risk individuals through a three-pronged approach, to include Education, Testing and Linkage to Treatment. In this reporting period, we utilized funds to purchase the educational materials that will be provided to treatment centers to educate clients on the importance of testing.	2	Approved
Chester County	45	Chester County SCA	Harm Reduction Vending Machines/Kiosks & Harm Reduction Supplies	\$ 12,615.00	\$ -	B	<ul style="list-style-type: none"> • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	1	A more thorough rationale is attached.. Harm reduction vending machines (HRVMs) and kiosks are an innovative and evidence-based public health strategy to combat the ongoing overdose crisis. By providing free, accessible, and anonymous access to life-saving supplies, these machines address key barriers to traditional harm reduction services, such as stigma and limited hours. The case for these is built on the ability to save lives, reduce the spread of infectious diseases, and connect a broader range of people to care. We believe that HRVMs/kiosks are part of a comprehensive harm reduction strategy, with machines co-linked or linked to services that can provide in-person support. Because Chester County is now a Registered Entity with the Pennsylvania Overdose Prevention Program and receives naloxone and drug checking strips at no cost, we intend to utilize Opioid Settlement Funds to pay for other harm reduction supplies as well as for the cost of leasing the machines/kiosks.	2	Approved
Chester County	46	Chester County SCA	Opioid Settlement Program Coordinator	\$ 38,363.49	\$ 3,987.20	B	<ul style="list-style-type: none"> • B-J. Leadership, Planning and Coordination 	1	This remediation strategy involves funding an Opioid Settlement Program Coordinator. The Opioid Settlement Program coordinator is responsible for identifying community needs, managing the initiatives funded through the Opioid Settlement, and ensuring that settlement funds are used effectively for a sustainable impact. Oversight of this funding, and the various initiatives and programs identified as meeting eligibility criteria for its allocation, requires a dedicated project coordinator who can collect, maintain and analyze the data resulting from various outcome measures while also ensuring compliance with Opioid Settlement Trust guidelines.	2	Approved
Chester County	47	Chester County SCA	Community Access Nalox-Boxes	\$ -	\$ 12,899.00	B	<ul style="list-style-type: none"> • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	1	A more thorough rationale is included in the supporting documentation. Nalox-Boxes, or community access naloxone boxes, are a harm-reduction strategy designed to make the life-saving opioid overdose reversal medication naloxone (often known by the brand name Narcan) readily available to the public. They are often compared to public-access AEDs (automated external defibrillators) for their purpose of empowering bystanders to act in an emergency. This remediation strategy involves the purchase of Nalox-Boxes for deployment throughout the county. The Naloxone itself is supplied through the PA Overdose Prevention Program.	2	Approved

Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • B-B. Support People in Treatment and Recovery 	0	The Recovery Memorial Ride & Music Festival is a community event designed to honor those lost to addiction, celebrate individuals in recovery, and promote harm reduction. The event includes a memorial motorcycle ride, followed by live music, food, and resource tables staffed by local organizations. In addition to celebrating recovery, the event distributes naloxone and fentanyl test strips, provides education on overdose prevention, and connects participants to treatment and recovery resources. The family-friendly event serves individuals in recovery, their loved ones, youth, and the general public, creating a supportive environment that reduces stigma, promotes healing, and builds community connections around recovery and harm reduction.	1	Approved
Franklin County	22	Leah's Legacy	Leah's Legacy-Fiddlin in the Field	\$ 1,400.00	\$ -	A & B	<ul style="list-style-type: none"> • A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • B-B. Support People in Treatment and Recovery 	0	The Leah's Legacy Open House highlights the organization's new role as a Resource Center by combining community engagement with naloxone education and overdose prevention. The event features live music, a silent auction, food, and sponsor support, while also providing free naloxone kits, training on how to administer them, and information about recovery and family support services. Guests will meet the newly hired CRS and CFRS and learn about available resources. With an expected attendance of 180-200 individuals in recovery, family members, and community members, this alcohol/drug-free event reduces overdose risk, raises awareness, and strengthens recovery connections throughout the community.	1	Approved
Franklin County	23	Franklin Fulton County SCA	Franklin County Jail MAT Program	\$ 54,493.00	\$ 245,507.00	A	<ul style="list-style-type: none"> • A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • A-F. Treatment for Incarcerated Population 	0	The Franklin County Jail MAT Program, launched in 2017 with limited one-time funding, has grown from offering only naltrexone to now providing all FDA-approved medications for opioid use disorder (MOUD) since 2022. Today, approximately 18% of the jail's population are engaged in MAT, making it one of the most impactful treatment initiatives within the facility. Since its inception, the program has significantly reduced recidivism among individuals with OUD compared to the general jail population, while also driving down overdose mortality countywide-from 46 deaths in 2016 to just 15 in 2024. In addition to providing in-custody treatment, the program covers the cost of medication upon release and ensures continuity of care through community linkages and administrative support. This comprehensive approach not only saves lives but also creates safer reentry pathways, reduces the burden on the justice system, and demonstrates the power of evidence-based treatment.	1	Approved
Franklin County	24	Franklin Fulton County SCA	Ensuring Access to MOUD and OUD Treatment Services	\$ 45,986.95	\$ -	A & B	<ul style="list-style-type: none"> • A-B. Medication-assisted Treatment ("MAT") Distribution and other Opioid-Related Treatment • B-A. Treat Opioid Use Disorder (OUD) 	0	Our SCA provides access to FDA-approved medications for opioid use disorder (MOUD)-methadone, buprenorphine, and naltrexone-along with care coordination, bridge fills at transitions (such as jail release), and referrals for counseling and recovery supports. We serve uninsured and underinsured residents with OUD, including many who also experience co-occurring mental health or substance use conditions, and priority populations that the SCA is mandated to serve. The goals of this program are to sustain access to MOUD, prevent relapse and overdose, and improve quality of life. Settlement funds are being used because base allocations were exhausted due to rising caseloads and medication costs; our request to DDP for additional funding to sustain this mandated program was denied. These dollars ensure continuity of mandated services and are applied only to costs that could not otherwise be covered, consistent with Exhibit E's "MAT Distribution and Other Opioid-Related Treatment.	1	Approved
Franklin County	25	Franklin Fulton County SCA	Recovery Support & Justice Diversion Specialist	\$ 9,861.85	\$ -	A	<ul style="list-style-type: none"> • A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • A-E. Expansion of Warm Hand-off Programs and Recovery Services 	0	The Recovery Support & Justice Diversion Specialist, a Certified Recovery Specialist (CRS), provides peer-based recovery programming and direct services to individuals with opioid use disorder (OUD) in Franklin County Jail and during community reentry. The position supports Sequential Intercept Model (SIM) diversion and deflection initiatives that connect individuals with OUD to treatment and recovery rather than deeper justice involvement. In addition, the CRS conducts harm reduction outreach in high-risk areas with elevated overdose rates, offering education, safer use resources, and linkages to care. Populations served include justice-involved individuals, overdose survivors, and persons with OUD and co-occurring conditions. Program goals include reducing recidivism, preventing overdose deaths, increasing treatment engagement, and strengthening overall community health and safety.	1	Approved

This initiative includes the installation of Knox MedVault and StationVault safes, RFID readers, handheld scanners, RFID label printers, and the Operative IQ data service platform across our entire EMS fleet and facilities. These technologies will provide a fully automated, auditable digital chain-of-custody for controlled substances, particularly opioids, used in prehospital care. The project will significantly reduce the risk of diversion, ensure real-time accountability, and support compliance with federal and state requirements for narcotics management.	2	Approved

Luzerne County	15	Luzerne County Human Services	Willow Foundation	\$ -	\$ 193,808.00	B	• B-B. Support People in Treatment and Recovery	0	Willow Foundation's Heartwood Center reduces the use of substances by embracing a low-barrier model for entry that does not impose a residency requirement, income verification, sobriety, or proof of identification on individuals seeking services. This is consistent with the U.S. Department of Housing and Urban Development (HUD) evidence-based guidance on emergency shelter expectations to eliminate any possible eligibility restrictions. This model effectively reduces stigma and creates equitable access to service. When access to service is equitable, individuals feel welcomed and confident in pursuing self-determined goals According to the National Coalition for the Homeless, Substance Use Disorders are more prevalent among people experiencing homelessness. The exact relationship, however, is complex and multivariate. While Substance Use Disorder causes some instances of homelessness, participants at Willow Foundations Heartwood Center also indicate that their use of drugs or alcohol w	2	Still Under Consideration
Luzerne County	16	Luzerne County Human Services	Endless Mountains Extended Care, LLC	\$ -	\$ 534,500.00	B	• B-B. Support People in Treatment and Recovery	0	• How does this project relate to Exhibit E? Our program will address important re-entry components for patients from Luzerne County with Opioid Use Disorder. Eighty-eight percent of our male patient population have legal charges and are either involved with pre-trial services, probation, or state parole, and 82% of those patients are diagnosed with Opioid Use Disorder. In our current residential program, we have developed a strategic communication protocol between our counselors and our patients' legal sources. This will continue in our PHP program and even further assist patients with opioid use disorder who have legal charges with successful re-entry into the community. We have found that many facilities refuse to connect with or communicate with patients' legal issues and this presents a problem. Often patients use treatment facilities to "hide out" from legal ramifications, only to either end up in jail or jumping from facility to facility to evade the law. Some of the important r	2	Still Under Consideration

Washington County	30	Washington County Human Services	County Community Living	\$ 348,000.00	\$ -	B	• B-B. Support People in Treatment and Recovery	1	Funding will support the purchase of a Recovery House in Charleroi Pa, in Washington County. Recovery houses play a vital role in supporting individuals recovering from addiction and substance use disorders, particularly in the context of housing insecurity and homelessness. For many, stable housing is a critical cornerstone in the recovery journey, as unstable living conditions can create significant barriers to effective treatment and long-term sobriety. Without a safe and supportive environment, individuals may struggle to establish healthy routines and boundaries necessary for recovery. Recovery houses provide not only a stable living situation but also a community of peers who share similar challenges, accountability and mutual support. By addressing the unique needs of this population, recovery houses are essential in breaking the cycle of addiction and facilitating a smoother transition to independent living, ultimately contributing to healthier and more resilient communities.	2	Approved

York County										3	
York County	19	York Adams Drug & Alcohol Commission	YADAC at York County Prison	\$ 71,474.56	\$ 400,000.00	A	• A-F. Treatment for Incarcerated Population	1	The program is meticulously designed to connect incarcerated individuals and those leaving prison with essential OUD/SUD services, including evidence-based treatment and comprehensive support services. It aims to ensure that individuals with OUD/SUD who are incarcerated receive the appropriate care needed to facilitate their engagement in treatment and recovery support services before their release. This early intervention is critical for a successful transition back into the community. YADAC collaborates with the PERU team at the Univ of Pittsburg for research and evaluation of the project, the York County Probation, York County Reentry Coalition, a contracted provider, and other vital community organizations. By addressed the root causes of substance use and providing ongoing support to those affected, the program is fostering lasting positive change in our community. The program is 8-12 weeks and includes referrals and continued support through the continuum of care upon release.	3	Still Under Consideration
York County	20	York Day Early Learning	Caregivers in Recovery	\$ 75,000.00	\$ -	A & B	• A-E. Expansion of Warm Hand-off Programs and Recovery Services • B-E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome	1	York Day Early Learning, together with the YWCA of York and the York Jewish Community Center, have reserved early learning and school age slots at their locations to be utilized by a parent or caregiver who is actively being treated for OUD/SUD. This program allows parents to bypass the waiting list existing in these high-quality early education programs and provide them with tuition-free care for one calendar year. The requirements are compliance with the parent handbook and active participation in the recovery program that refers them to the Caregivers in Recovery Program. As the child reaches 10 months of enrollment, staff will work with the parent to apply for other subsidy payment options and beginning to budget for the projected cost of continued care. We know stability in care and education early in life is essential for development, so a success indicator will be reaching the goal of 6-months maintained enrollment following the conclusion of 12-month Program.	3	Approved

York County	21	Life Changing Pathways	Life Changing Pathways	\$ 187,535.36	\$ 315,000.00	B	• B-B. Support People in Treatment and Recovery	1	Life Changing Pathways is a newer Recovery Community Organization in York County. LCP is a leader in peer support and works collaboratively with partner organizations across the County to create a supportive network for anyone seeking recovery from OUD/SUD. LCP is opening a Recovery Center and Cafe to provide a HUB and safe space to engage in social recovery-friendly connections and promote long-term success in maintaining recovery. During the first half of the year while building renovations and office set up were nearing completion, LCP focused on building their staffing compliment and focused on meeting referred clients at the York County Prison, the York County Reentry Opportunity Center, and treatment centers. LCP CRS staff will provide support with appointment schedules, employment challenges, transportation needs, building support systems, housing options, paperwork/documentation for employment and benefits. Help those in treatment and recovery find HOPE.	3	Approved
York County	22	York County Coroner's Office	York County Family Advocate	\$ 70,300.00	\$ 136,704.00	B	• B-A. Treat Opioid Use Disorder (OUD) • B-E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome	1	The Family Advocate role is a brand new concept and position for the County Coroner's office. Since being hired, Savannah has attended training courses, meetings with other departments, agencies, etc. to establish a relationship as well as begin to learn and formulate her role. Savannah has begun working with families of decedents who have died due to opioid use and has been working to establish the Next of Kin (NOK) Interview process for York County's Overdose Fatality Review (OFR) Team. Savannah will continue with community engagement, training, along with development and implementation of the Family Advocate role. We are utilizing the opioid settlement funding to better serve the surviving family members of our decedents. It is important and worthwhile to note that many family members also suffer with OUD and other co-occurring SUDs/Mental Health Conditions. She will provide resources to those who have lost loved ones due to overdose and some of these family members may be open to	3	Approved
York County	23	Pennsylvania State University College of Medicine	York County Smart Vending Machine	\$ 128,200.00	\$ 186,400.00	A	• A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • A-E. Expansion of Warm Hand-off Programs and Recovery Services	1	This project is funding a Smart Vending Machine in York (from partnership development, to lease of the machine, personalization buildout, to restocking, etc). The machine has not yet been placed, but based on our experiences in Harrisburg and Reading, we anticipate that the vending machine will help underserved populations with OUD/SUD obtain necessary harm reduction items, as well as general health items. With the Harrisburg and Reading machines, 88% of the users reported that the vending machine improved their personal health and 84% reported that it helped their quality of life. Once the York vending machine has been put into place, we will examine how many items have been dispensed and survey vending machine users on their thoughts about the machine. With the SMART technology, it will not only provide needed items (test kits, narcan) but will be able to connect users to treatment options and needed community resources.	3	Approved

Bucks County DA										3	
Bucks County DA	2	Bucks County Public Defenders Office	Forensic Involved Diversionary Programs - Public Defender	\$ 393,369.19	\$ -	B	• B-D. Address the Needs of Criminal Justice-Involved Persons	1	A portion of the Opioid Settlement Funds allocated to Bucks County are being used to fund treatment court/diversionary program related positions within the District Attorney's Office and Public Defender's Offices. Each office receives funding for an attorney and a support staff position.	3	Approved 8/21/2025 - Legal Secretary I (\$188,560.02) Approved 12/4/2025 - Assistant Public Defender (204,809.17)
City of Lock Haven										1	
City of Lock Haven	5	Center for Community Resources	Crisis Co-responder	\$ -	\$ 46,915.29	B	• B-B. Support People in Treatment and Recovery • B-D. Address the Needs of Criminal Justice-Involved Persons	0	The co-responder is a position posted in Lock Haven to respond with city police officers to provide the services detailed above in Schedule B through a grant to the Lycoming-Clinton joinder board to enable this resource administered by CCR. This is a specific program authorized by Schedule B Section D.6 and the city's opioid settlement funds will be directed to CCR to help subsidize the continuation of this resource for our residents with OUD and co-occurring SUD/MH.	1	Approved
Dauphin County DA										2	
Dauphin County DA	1	Dauphin County District Attorney's Office	Treatment Courts--Drug Court, Vet Court, LETI	\$ 197,891.20	\$ -	B	• B-C. Connect People Who Need Help to the Help They Need (Connections to Care) • B-D. Address the Needs of Criminal Justice-Involved Persons • B-K. Training	0	We use this funding to support our treatment court programs. While we had a drug treatment program before the settlement, we have expanded it and changed it dramatically. We no longer call it Drug Court to avoid stigma. It is RALLY Recovery Court. We also use other means not in operation before including precharging diversion through LETI.	2	Partially Approved 8/21/2025 - Behavioral Health Unit Program Specialist (\$78,891.20) Partially Non-Compliant 12/4/2025 - Deputy District Attorney (\$119,000.00)
Edwardsville Borough										2	
Edwardsville Borough	1	Edwardsville Borough Police Department	License Plate Reader Detection Camera	\$ 8,173.80	\$ -	B	• B-K. Training	0	Our borough has a high rate of drug trafficking with much of it coming into our borough from out of town and often out of state. One of the first steps of prevention is to stop the availability of the product. We are hopefuls this camera system will assist our police officers with stopping the influx of illegal drugs.	2	Non-Compliant
Erie County DA										2	
Erie County DA	7	The Mercy Center for Women	Mercy Center Housing	\$ -	\$ 10,000.00	B	• B-B. Support People in Treatment and Recovery • B-C. Connect People Who Need Help to the Help They Need (Connections to Care)	1	The funds will assist women in addiction recovery and their families to obtain permanent housing. The funds will be used for food, utilities, transportation, education (GED), and case management.	2	Approved
Erie County DA	8	UPMC - Magee Women's Hospital	UPMC Magee Transportation Services/Supplies Project	\$ 10,000.00	\$ -	A & B	• A-C. Pregnant & Postpartum Women • B-E. Address the Needs of Pregnant or Parenting Women and Their Families, Including Babies with Neonatal Abstinence Syndrome	1	This project will help fund transportation and supplies needed in caring for a newborn/child for women diagnosed with substance use disorders.	2	Approved

Erie County DA	9	Taylor's HOPE	Taylor's HOPE	\$ 25,999.00	\$ -	B	<ul style="list-style-type: none"> • B-G. Prevent Misuse of Opioids • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	1	The project is working with a professional film production company and will create and distribute short documentaries focusing on youth lost to opioid overdoses with the aim of educating and raising awareness of the opioid epidemic in the community. The project will also consist of utilizing digital billboards sharing faces of those lost to drug overdoses with educational information on trends and dangers of fentanyl use.	2	Approved
Exeter Borough										2	
Exeter Borough	1	Wyoming Area Regional Police	WARP/Exeter Borough Opioid Recovery Support Program	\$ 37,786.79	\$ 396.30	A	<ul style="list-style-type: none"> • A-G. Prevention Programs 	1	The Wyoming Area Regional Police, sponsored by Exeter Borough and the Wyoming Area High School held a community education forum including police, drug and alcohol experts, students, and families that has significantly advanced efforts to prevent opioid misuse in our community. The collaborative event fostered open dialogue, awareness, and education on the dangers of opioids, empowering families and students with vital information and resources. It strengthened our community partnerships and prevention efforts by connecting residents with law enforcement, health professionals, and support services. We had a local business sponsor lunch, and the public gained a shared understanding of risk factors, dispelled stigmas, and encouraged proactive intervention and safe practices against opioid and drug and alcohol misuse, and created a safer, more informed community, reducing the likelihood of opioid misuse, and establishing a foundation for ongoing prevention and recovery initiatives.	2	Approved
Forty Fort Borough										2	
Forty Fort Borough	1	Forty Fort Borough Police Department	Opioid Overdose Prevention Program	\$ 4,050.00	\$ 51,079.70	B	<ul style="list-style-type: none"> • B-K. Training 	0	The service provided thus far has been to have our police officers attend specialized training for addressing Opioid Use Disorder & Co-occurring Conditions. Future use of the funds will be to obtain supplies, such as Narcan, Drug Test Kits, Child appropriate materials to distribute to elementary schools in Forty Fort Borough. The current population of Forty Fort Borough is 4281.	2	Approved

Lawrence County DA	1	New Castle Police Department	New Castle Police Department P.L.A.Y. Program	\$ 15,000.00	\$ 30,000.00	A & B	<ul style="list-style-type: none"> • A-G. Prevention Programs • B-G. Prevent Misuse of Opioids 	0	The New Castle Police Department P.L.A.Y. program predates the opioid settlement however the opioid monies that have been dedicated to the program are specifically used to provide opioid education and prevention initiatives. These initiatives are a new part of what was previously a program designed to bolster police/citizen trust and collaboration. The P.L.A.Y. Program serves the City of New Castle (population approx. 23,000) targeting young people between the ages of 8-21. A monetary commitment of \$15,000 per year has been allocated to this program for a duration of three (3) years. After the expiration of the third year, the efficacy of the program will be evaluated for future opioid settlement disbursements.	1	Approved
Resolution No. 6											
Lehigh County DA										1	
Lehigh County DA	2	Lehigh County	Mommy and Me Program 25-06	\$ 8,500.00	\$ 66,500.00	A	<ul style="list-style-type: none"> • A-C. Pregnant & Postpartum Women • A-F. Treatment for Incarcerated Population 	0	The Mommy & Me Recovery Housing program provides a safe, recovery-focused residence for pregnant women and women with up to two (2) children under the age of eight years old. The program specifically targets opioid-using women who are involved in the criminal justice system. Through key partnerships and on-site staffing, this program will be able to assist with case management, transportation, and childcare needs.	1	Approved
Middletown Township										3	
Middletown Township	2	Middletown Township	Prevention Programs in Schools	\$ 5,781.42	\$ -	A & B	<ul style="list-style-type: none"> • A-G. Prevention Programs • B-G. Prevent Misuse of Opioids 	0	This prevention initiative combats substance abuse and promotes community well-being through targeted education and training. The program provides DARE (Drug Abuse Resistance Education) training for youth, giving them skills to resist peer pressure and make healthy choices. The spending for this program covers the cost of the DARE Administrator's time and supplies for the students enrolled in the program.	3	Approved
Middletown Township	3	Middletown Township	Data Collection	\$ 48,289.49	\$ -	A & B	<ul style="list-style-type: none"> • A-I. Evidence-based Data Collection and Research Analyzing the Effectiveness of the Abatement Strategies within the State • B-L. Research 	0	Compilation of data from fatal and non-fatal overdoses within the municipality, including locations. This information has been utilized by Police to increase education for officers about locations with higher levels of overdoses. The spending related to this program covers the cost of officer time to review police reports update internally maintained data.	3	Non-Compliant
Middletown Township	4	Middletown Township	Narcan Kits	\$ 4,134.49	\$ -	A & B	<ul style="list-style-type: none"> • A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • B-H. Prevent Overdose Deaths and Other Harms (Harm Reduction) 	1	Assembly of NARCAN kits that contain Narcan, CPR face shields and Good Samaritan Law information. The kits are distributed by officers, other first responders, those in need and community members. Narcan was obtained from Bucks County for free, but the Township purchased cases, CPR face shields and Good Samaritan Law cards to make 500 kits.	3	Approved
Middletown Township	5	Middletown Township	Training for First Responders	\$ 15,976.19	\$ -	A & B	<ul style="list-style-type: none"> • A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses • B-I. First Responders 	0	Law enforcement officers receive NARCAN (naloxone) training to respond to opioid overdoses and NASRO training which enhances their ability to work safely and effectively within school environments, fostering positive relationships with students while promoting school safety. Together, these efforts strengthen connections between youth, officers, and the community, emphasizing prevention, early intervention, and lifesaving response. Spending for this program includes the cost for officers to attend NASRO and NARCAN training courses.	3	Still Under Consideration
Plains Township										2	
Plains Township	2	Plains Twp. Police Department	Plains Twp. Police Department Drug Incinerator Program	\$ 6,010.00	\$ -	B	<ul style="list-style-type: none"> • B-G. Prevent Misuse of Opioids 	0	Incineration is a secure method that prevents environmental contamination and drug diversion specialized incinerators to destroy both confiscated illegal narcotics and prescription drugs collected from the public. Using the incinerator keeps these drugs from finding their way back onto the street.	2	Approved
Union Township										1	
Union Township	1	Union Township Police Department	Union Township Police Opioid Training and Implementation	\$ 1,504.44	\$ 12,629.64	B	<ul style="list-style-type: none"> • B-J. Leadership, Planning and Coordination • B-K. Training 	0	Our first training protocol was on April 14, 2025. 9 township officers, the Police Chief and a township supervisor met with an employee of Lawrence County Drug and Alcohol. Items discussed were OUD and the co-occurring conditions. Questions and answers were fielded and explained. Officers discussed and asked questions about what they have encountered on the job. Proper methods of handling these calls were discussed, including OUD in pregnant woman. Ideas were brought forth and suggestions were made on proper protocol on drug stops. Suggestions on future training needs were discussed, as well as, additional ideas of how future funding could effectively be spent.	1	Still Under Consideration

Warrington Township										3	
Warrington Township	1	Warrington Township Police Dept. and Dept of emergency Services	AED and Narcan Kit Purchase	\$ -	\$ 61,439.55	A	• A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses	0	Since Department of Emergency Services and Police dept members respond to opioid overdoses, this program allows for Narcan and AEDS to be "married" and therefor the responders having everything they need for the initial call for help during an opioid OD. Warrington Township has roughly 28,000 residents. In addition the new AEDs that were purchased will be compatible with responding EMS agencies in the area so pads will not have to be replaced when an ambulance arrives on scene to continue care. This saves both time and money when minutes count.	3	Still Under Consideration
Westmoreland County DA										1	
Westmoreland County DA	2	Westmoreland County Prison	Westmoreland County Prison MAT	\$ -	\$ 226,743.82	A	• A-F. Treatment for Incarcerated Population	1	The Medication Assisted Treatment (MAT) program provides treatment to eligible inmates, including those who are pregnant, currently enrolled in a Methadone program, or currently prescribed to MAT for OUD. The program facilitates coordination between PrimeCare Medical Inc., MedMark Treatment Centers, and the Westmoreland County Prison to ensure a seamless provision of services. This includes regular monitoring, counseling, and support for inmates undergoing MAT. This initiative ensures continuous care and support for inmates with OUD, improving their chances of successful recovery and reintegration into society.	1	Approved
Wyoming County DA										2	
Wyoming County DA	1	Wyoming County District Attorney	Drug Take Back Program	\$ 459.20	\$ -	B	• B-G. Prevent Misuse of Opioids	0	the Wyoming County Drug Take Back Program offers the county residents a safe and anonymous way to dispose of their unwanted medications instead of them falling into the wrong hands. The program's success shows how community collaboration with law enforcement, service organizations and residents can make a tangible impact on public health and safety.	2	Approved
Wyoming County DA	2	Wyoming County District Attorney	Narcan Distribution	\$ 108.00	\$ -	A	• A-A. Naloxone or other FDA-Approved Drug to Reverse Opioid overdoses	0	opioid overdoses remain a critical concern in Wyoming County, which is a rural county with limited resources, distribution and access to Naloxone (Narcan) ensures that the community has access. The goal is that numerous overdose reversals will save lives and provide a chance for recovery.	2	Approved
Wyoming County DA	3	Public Education and Media outreach	Public Education and Media Outreach	\$ 1,575.00	\$ -	B	• B-G. Prevent Misuse of Opioids	0	The campaign empowers residents with knowledge, encouraging prevention, open conversations within families, and safe decision making among youth. Public Education and media outreach raises awareness about the risks of opioid use and substance use disorder.	2	Approved
